About Califia Farms (pronounced "Cal-uh-FEE-ahh" like California)

Califia Farms is committed to bringing the irresistible goodness of plants to people. Headquartered in Los Angeles, Califia is dedicated to creating the simplest, most irresistible dairy-free options possible. Using nutritionally sound ingredients that serve a clear purpose, Califia strives to make every sip, every recipe, and every ritual as nourishing as it is delicious. The brand's range of plant milks, creamers, barista products, brewed-to-blend coffees, teas, and juices is made using the highest-quality ingredients from whole food plant sources. Driven by shifting consumer demands for clean and sustainable products, Califia introduced hugely successful organic options with simple ingredients in 2023. The company continues to reduce its footprint, contribute to resilient agriculture, and accelerate the circular economy through actions like converting to 100% recycled plastic in all its bottles, and working with almond growers to plant organic crops. Founded in 2010, today Califia is one of the leading plant-based beverage brands in the U.S. and has on-the-ground operations in the U.K. with a brand presence in several other countries.
